The Bus Professionals

I looked at a lot of paint booths and body shops before we built this one and it is first class!

- Brand new, state-of-the art, 60-foot, heated and filtered paint booth.
- Brand new, state-of-the art, 60-foot, heated and filtered collision repair room.
- On-site paint kitchen to ensure that your color is just like new.
- Manufacturing standards for buses are different than any other vehicle – we specialize in making sure your vehicle is brought back to OEM and FMVSS requirements.
- From simple graphics to full graphic wraps to complete restorations to custom paint jobs.
- No job too large or too small.
- We are your one-stop shop, offering complete collision and paint repairs for all makes and models.

Call us toll free at  
1-800-440-3492,  
extension #384 and our  
Body Shop Manager  
Kevin Vickers will take  
care of you.

If you have a wreck and it has to be towed  
from the scene...save yourself the trouble  
of handling the bus twice and drop it off  
right here at Carolina Thomas. We will  
handle the adjusters and estimates.

**Is your own paint booth  
getting old?**

**Do other repair centers  
know the NC state  
specifications and  
school bus FMVSS  
standards?**

**We promise to take care  
of you.  
Please give us a call!**
