# TRAINING CLASS DETAILS

## BraunAbility Lift Maintenance, Adjustments & Repair

This is a hands-on class taught by Trainer David Grant from BraunAbility. Classroom and hands-on training are combined at the bus using a Braun lift to illustrate real-life situations. This class includes information and skills training on the Braun lift, switches and everything in between, lift identification, proper operation, hydraulic functions, maintenance and lubrication, easy adjustments for flawless lift operation, and dealership-level troubleshooting techniques.

(4 credit hours.)

## Saf-T-Liner C2 Jouley Electric Bus - Safety & Operation

In this hands-on class, Thomas Built Buses factory trainer Jamie Allison will teach you about safety and operation of the Thomas C2 Jouley Electric Bus. Jamie will cover the low voltage side and high voltage side of Jouley, and teach you how to safely work on and operate our fully-electric Jouley bus.

(4 credit hours.)

## Saf-T-Liner C2 - Cummins ISB Diagnostics & Repair

This is a hands-on class taught by Carolina Thomas Service Manager Harold McMillian. You will learn to diagnose and repair common Cummins engine issues. Harold will teach you to use Cummins Insite to troubleshoot and repair ISB engines and regen problems. He will also cover C2 problems we repair out in the field.

(4 credit hours.)

## Saf-T-Liner C2 Air Conditioning - Diagnostics & Repair

In this class taught by Carolina Thomas Service Technician Jamie McCaskill you will learn how to troubleshoot Thomas AC systems. Jamie will cover the AC electrical systems and teach you how to use schematics to diagnose and repair any wiring problems.

(4 credit hours.)

## SPECIAL EVENT - Carolina Thomas Cookout - Wednesday, March 15th

Always a favorite and back by popular demand, our Carolina Thomas team will be showing off their mad grilling skills to bring you a cookout lunch you're sure to enjoy!

**Pre-registration is required. Deadline is February 24, 2023. Don't delay - register today!**
